HELLO . . .

For many of us at Silver High, our senior year will be our final step in our formal education. We have spent the last four years broadening our horizons and preparing ourselves for the future, whatever it may be. We have experienced a growing period which we will look back on with mixed emotions.

As Freshmen, we were trying to adjust to our new environment. We found things quite different and it became a challenge for us to make an impression on the rest of the student body saying, "We are here and just watch, we are going places."

As Sophomores, we had made our impression and were becoming an element in ourselves. School activities became important and we discovered that it just might be useful to study a little. We really belonged and could laugh a little at the freshmen.

As Juniors, we were upperclassmen, and we began to understand the importance of our studies. We were constantly excited about something, the football and basketball games and the preparation for the Junior-senior prom. We were overheard saying, "I can't wait until I'm a Senior."

As Seniors, we are finally on top of the ladder. Next year we will have our high school years behind us. There is a feeling of anticipation that can't be controlled as we order announcements, and caps and gowns, and prepare for graduation. Also it is a year with a degree of sadness as we wonder how many of our fellow Seniors we will ever see again. We realize that this is the last time this particular group of kids will ever be together again.

So, to these students with these attitudes, we present this 1968 *El Potranco* in the hopes that it will be a key to open the locks on your memory chests. We wish you the best of luck

In my home country I live close to the sea. I knew that America lay beyond this gigantic amount of water, but I always wanted to see how the country would be.

Through the American Field Service, an organization which brings each year many students to America to promote mutual understanding and friendship, I have been able to live in Silver City and to associate with you, who gave me a very fine year.

Though at the end of this year, I'll cross the Atlantic again, and my thoughts and gratitude will always be with you, my many friends in Silver City. Whenever you visit Europe, there will be a warm welcome for you in Holland.

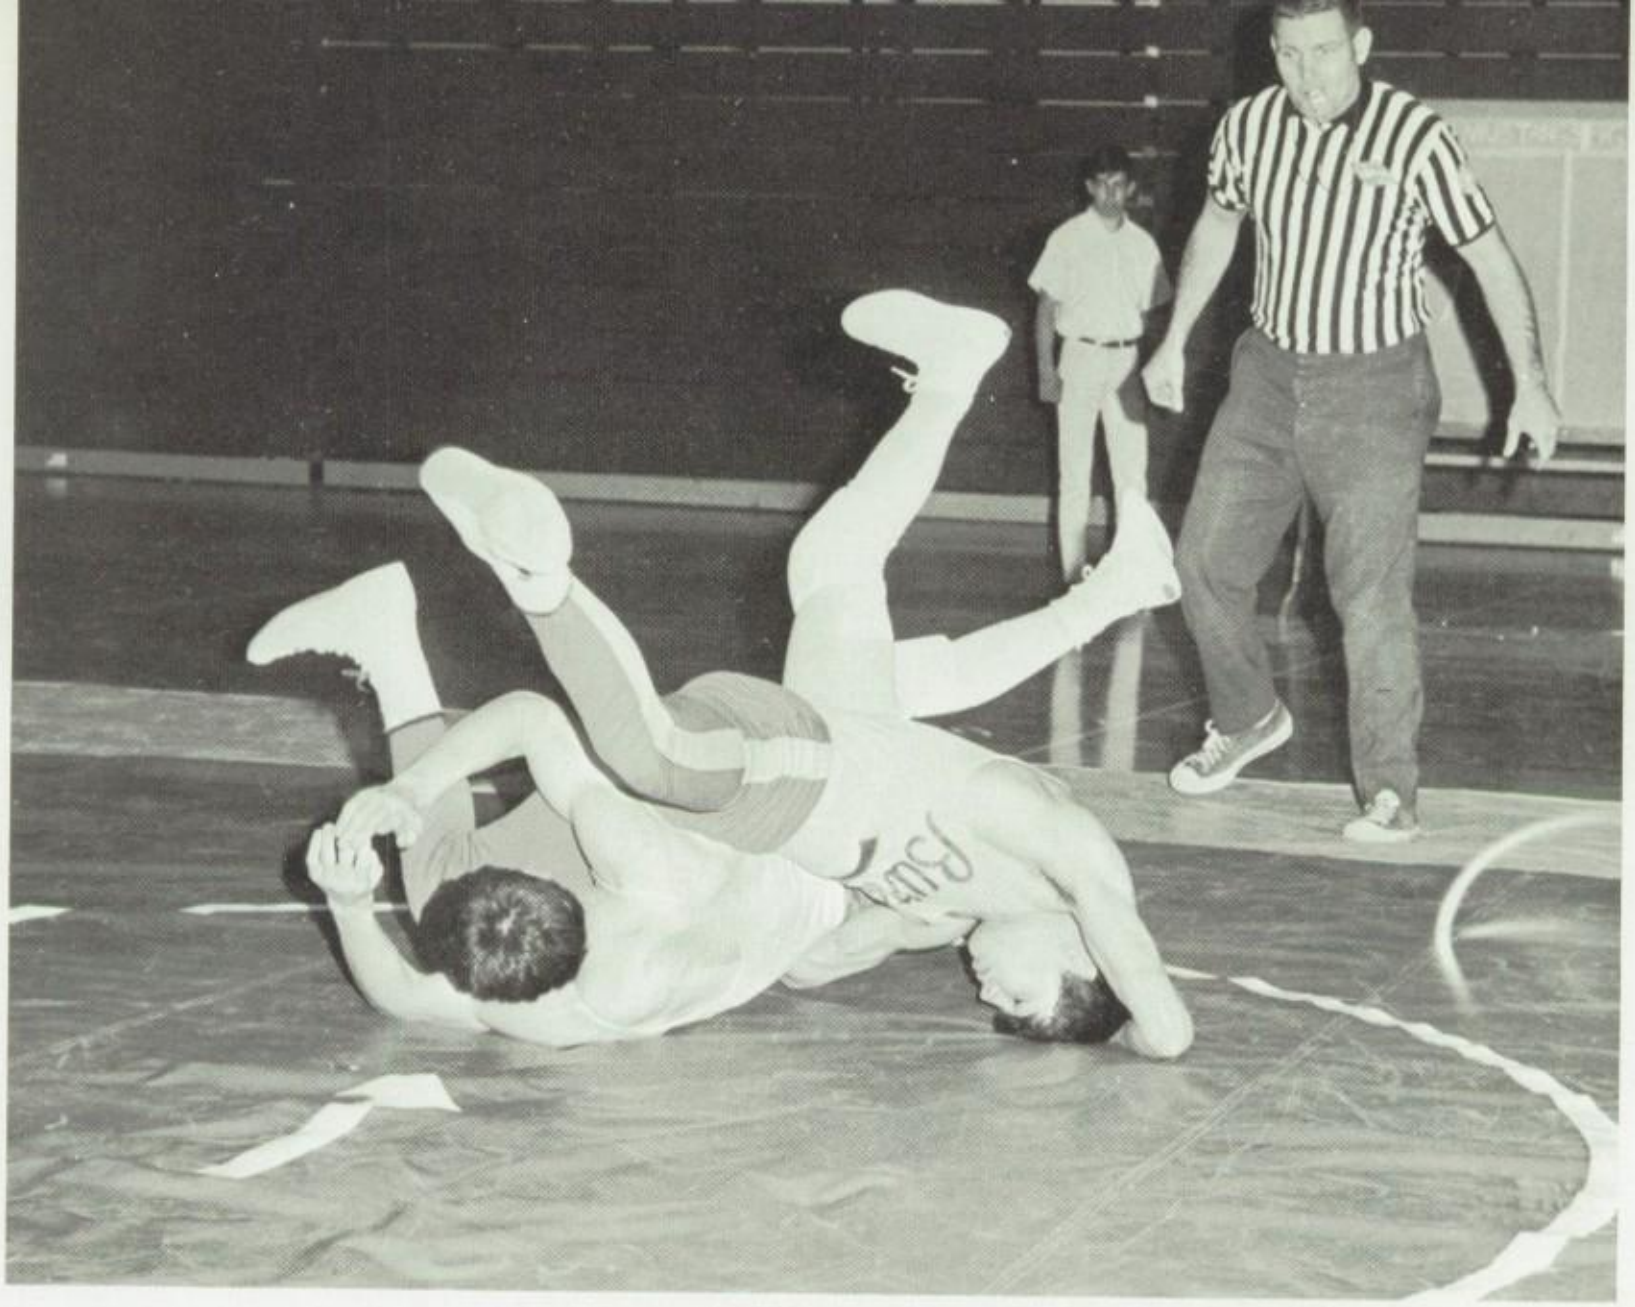
A credit to their school, Pete Wayne and Danny Arsola were chosen to represent our school in the state wrestling competition. Hard work and a steady diet can pay off now can't it.



A new type of ballet? Hardly, but from the looks of it the ref seems to be working harder than the wrestlers.

Coach Joe Brown proudly holds another trophy his championship team has won during the past cross-country season. Many times during the years the team members have brought home many honors such as the ones pictured.

Joe is seen here as he comes in to the finish far ahead of his nearest competitor as he has so many times in the past four years. Among his many other accomplishments, Joe holds the state record for the mile run and remains undefeated.

The Cross-country team prepares to travel to a state meet to claim another victory for Silver High. L. to R. are: Ray Sierra, Albert Rodriquez, Sammy Vasquez, John Arellin, Bobby Lopez, Joe Espinosa, Nicky Placencio, and Coach Joe Brown.

STATISTICS

The Cross-country teams record stands: 3 wins and 6 losses, not having placed lower than 4th place in any meet and placing 2nd at state. In the Hatch Invitational, all members of the team received at least one medal.

Those attending the state meet were: Joe Espinosa, who finished 1st; Albert Rodriquez, who finished 5th; John Arellin, who finished 10th; Bobby Lopez, who finished 19th; Nicky Placencio, who finished 29th; and Ray Sierra, who finished 43rd; Sammy Vasquez was an alternate.

BADGES OF DISTINCTION

A cap, a gown and a diploma . . . badges of distinction for the hard-working graduate. These ingredients can open the door to a promising new world and let the wise graduate take another step toward building a secure future.

Planning for the future means success.

At Kennecott's Chino Mines Division, planning requires trained people to put into effect the ever-changing procedures of an ever-changing world. Such planning assures continued success for Kennecott's operations.

To the people of New Mexico, Kennecott's success means the prospect of continued benefits, some of which help support the state's educational system.

The badges of distinction are held by this year's graduate. He will be the one to help Kennecott, society and himself build a better world.

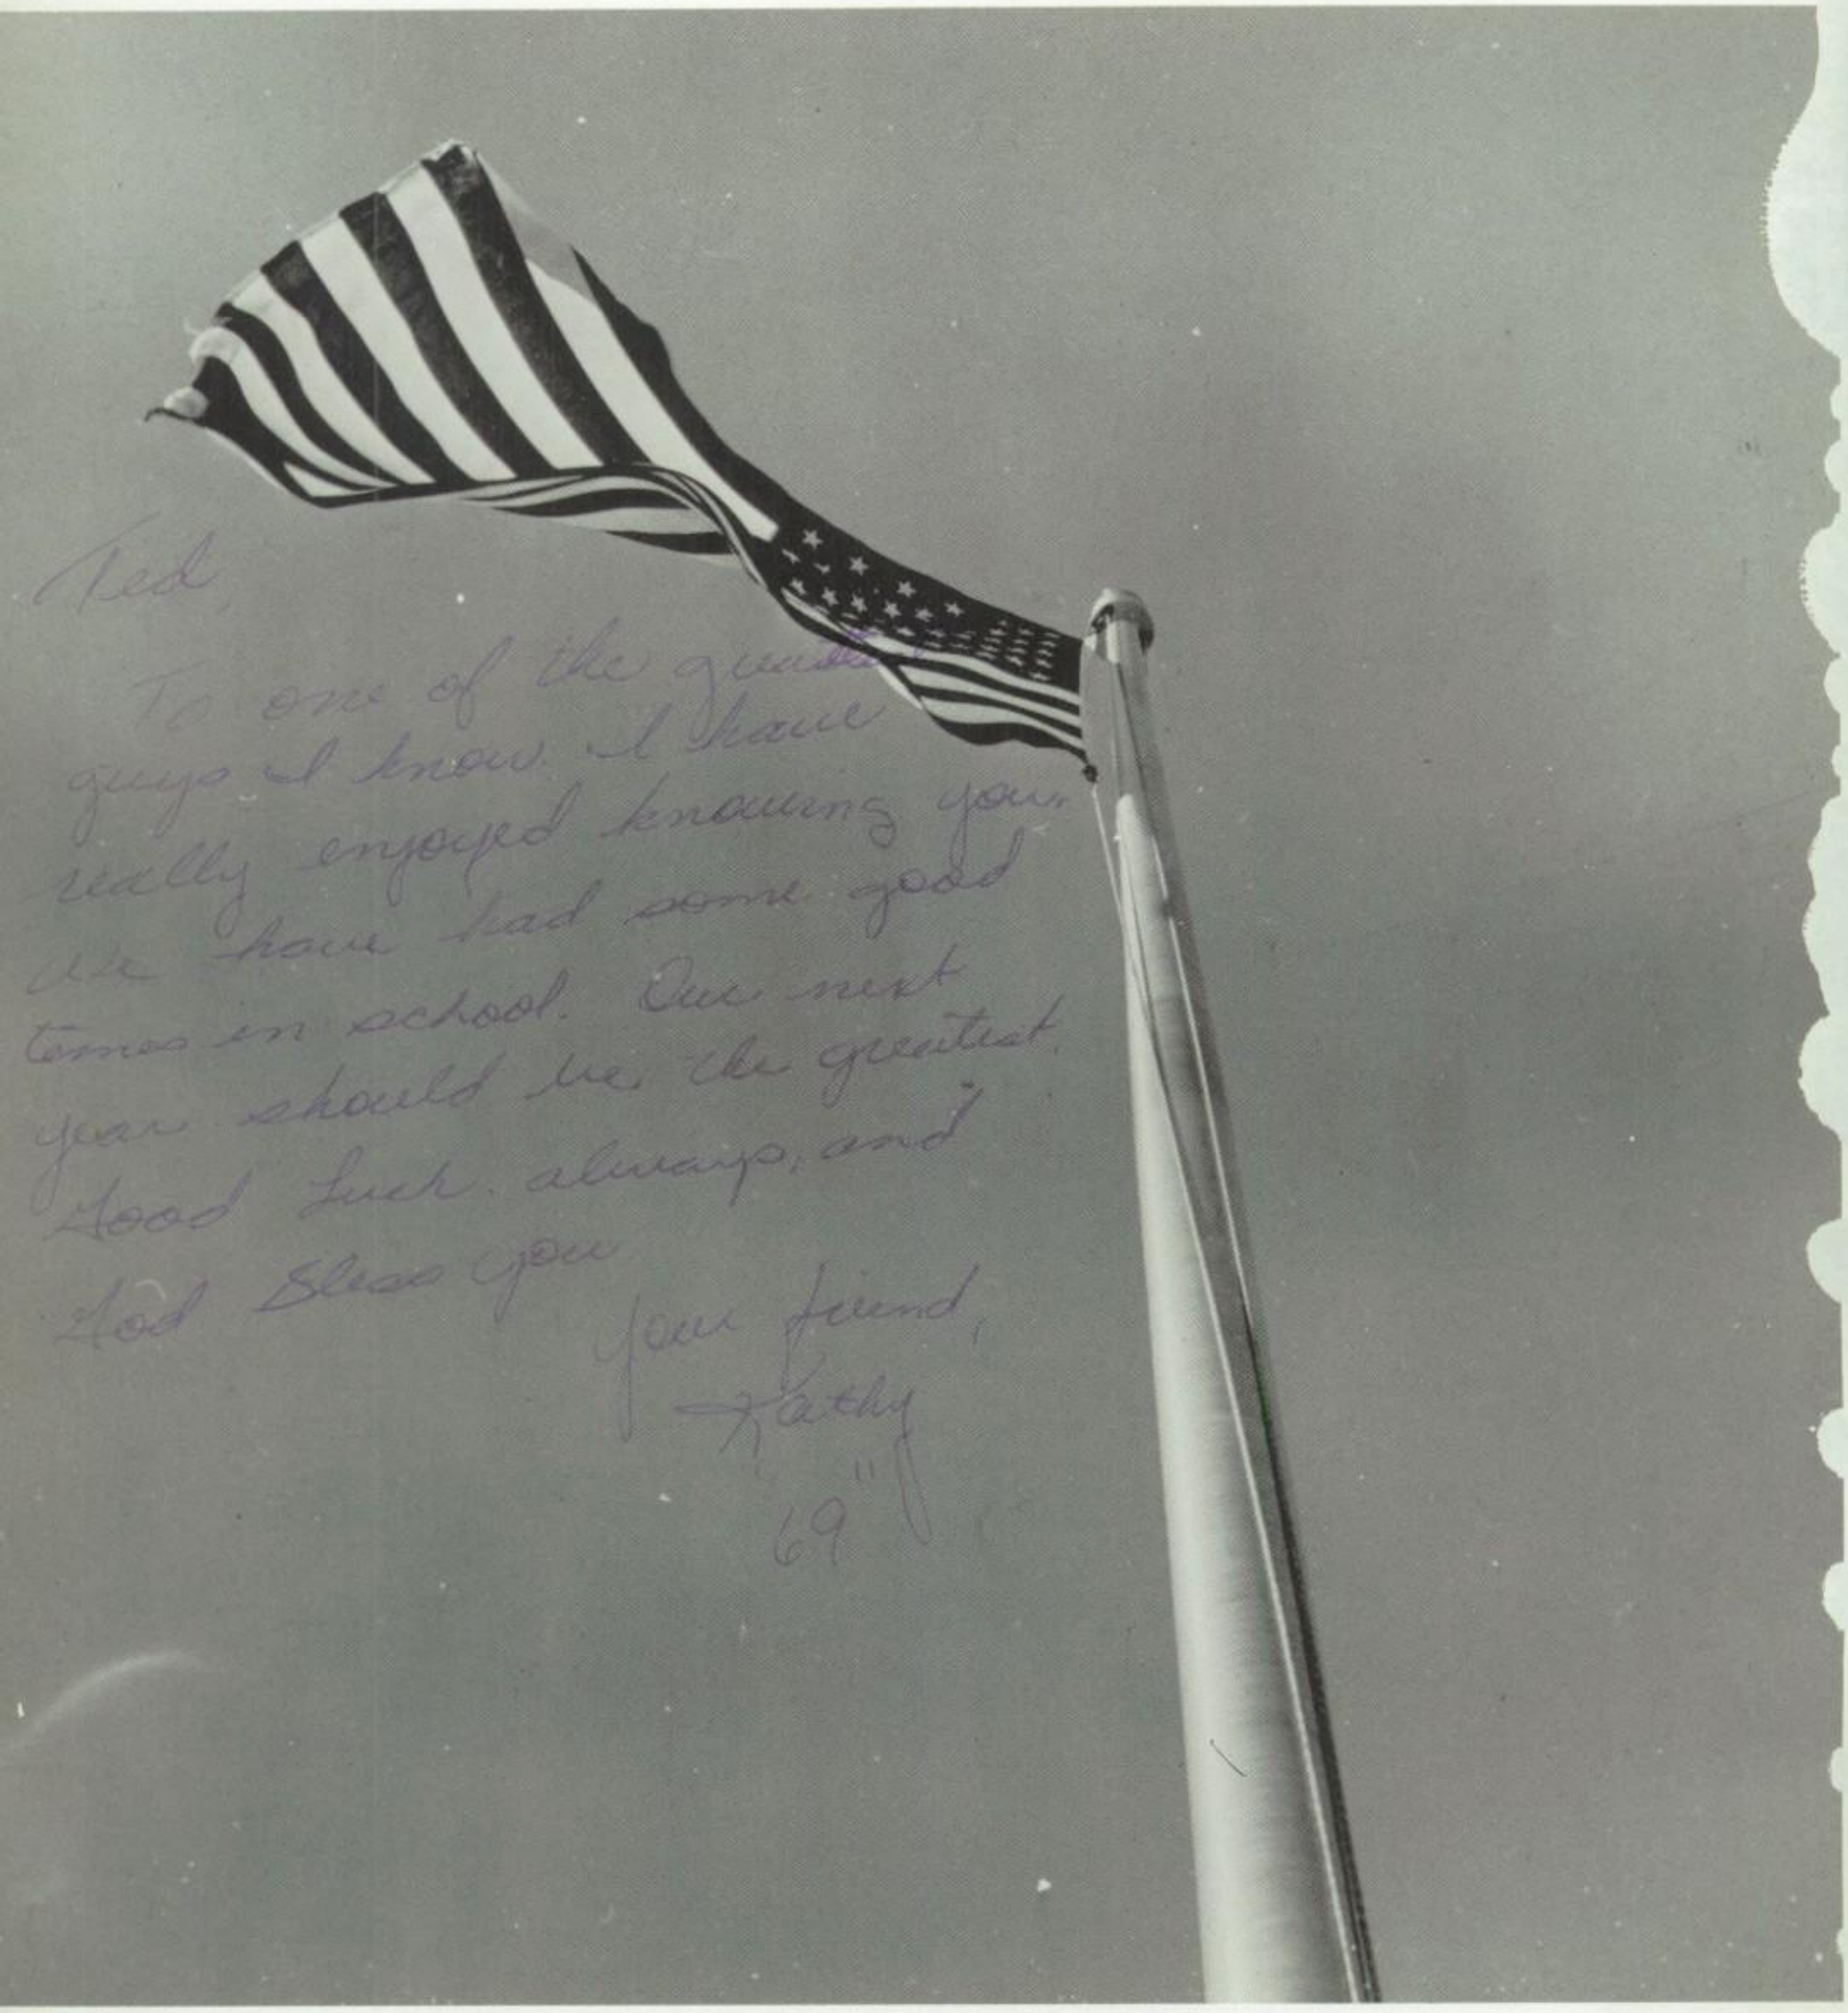
UNUSUAL — But what is it?????????

Richard Peterson is shown here with one of his other hobbies besides photography. As busy as we kept him it is a wonder that he had any time left for anything else. We are glad that he did though. Again we would like to thank him because without him this annual wouldn't have been possible.



GOD BLESS AMERICA

Many thanks for your letter and the nice prints of your house in all your attempt. Plenty of snow here and we are sweating on our S.H.S. entry. Best of luck

Henry
